

ANNUAL AZ SMAP MEETING WITH STAKEHOLDERS

ADEQ, Phoenix, AZ

May 23, 2006

SUMMARY

Attendees

<u>Name</u>	<u>e-mail</u>	<u>phone number</u>
Ron Barbea	barbea@toua.net	520-383-8681
Bruce Campbell/ASLD	bcampbell@land.az.gov	602-542-2578
Art Carlton	art.carlton@co.pinal.az.us	520-866-6462
Louis Felix	Louis.Felix@co.pinal.az.us	520-866-6535
Anne Fischer/USDA FS	afischer@fs.fed.us	602-225-5389
Gill Gonzales/USACE	gill.o.gonzales@usace.army.mil	213-452-3987
James Maes	james.maes@blm.gov	623-580-5508
Samantha Roberts	slr@azdeq.gov	602-771-7655
Wayne Schiemann	wayne.a.schiemann@usace.army.mil	602-640-2015
Larry Sievers	larry.a.sievers@usace.army.mil	213-452-3990
Brian Stonebrink	bs4@azdeq.gov	602-771-4197

USACE (Larry Sievers)

Power Point presentation on the topics of FUDS Program update, Status of Kingman Dross Site, Williams Bomb Target #6, MMRP Site Investigations, funding for next year projects in AZ.

Camp Horn is a new CWM site in AZ

MMRP cost to complete (CTC) for the LA District is more than \$3 B.

The Decision Document for Williams BT#6 is first DD for an MMRP in the country.

Discussion about developing Bomb Targets in AZ, managing munitions strategies (grouping like sites means savings in contract dollars and can speed accomplishments).

Brian Stonebrink will send out copies of the Power Point to the meeting attendees, under separate cover.

ADEQ Update (Brian Stonebrink)

Discussion included MMRP sites, Camp Horn, Laguna Manuever Area, Tucson Rifle Club, Sahuarita Air Force Range, Bomb Targets, Standard Operating Procedures (SOP) for Munitions

EPA FUDS Update (Kathleen Shimmin)

TRAINING

1. Munitions Safety and Awareness Training

-IAG with USACE has been extended two years ('til 9/30/08)

No additional money added at this time

-Would like to collect feedback now that training has been given 1-2 years ago:

Is the CD being used for refresher safety training?

Are there suggestions for additions/modifications to brochures/other material?

Is there a need identified for additional sessions to be delivered?

2. Munitions SI Work Plan Review Training

USEPA-HQ view of what constitutes an adequate Work Plan and what to look for

-Delivery planned for June 12, 2006 in Sacramento, with video conferencing connection in DTSC-So. Cal.

-Trainers: Doug Maddox, Kevin Oates (USEPA-HQ) and contractor

-Location/Time: 6/12/06, 8:30 AM – 5:00 PM

First Floor Conference Room (formerly, the Board Room)

8800 Cal Center Drive, Sacramento

-Points of Contact @DTSC: Donn Diebert, Pam Reichardt (916-255-3728)

DTSC (Southern California), John Scandura (714-484-5440)

ANNUAL WORK GROUP MEETING

Annual FUDS-SPD Work Group meeting, San Francisco

June 1, 2006. 10:00 AM – 3:00 PM

333 Market Street, 10th Floor Conference Room (USACE-SPD)

Points of Contact: Kathleen Shimmin (415-972-3207), USEPA

Vince Del Greco (415-977-8246), USACE

Stakeholders' Roundtable Open Forum Discussion

Ann Fischer (Forest Service): no FUDS activities over past year

James Maes (BLM): has been in his job about one month. Interested in Phoenix and Gila, Bomb Targets #9 and #13. His BLM Territory goes down to the Mexican Border. BLM was reorganized in the last six months.

Bruce Campbell (AZ State Lands): has worked on Sahuarita and Palo Alto sites. Discussed how to attach a Disclosure Statement [about munitions and other FUDS contamination] to State land document – he's in the process of working out how to do this.

Art Carlton and Louis Felix (Pinal County) discussed issues being raised by developer who used selected parts of an old USACE Archive Search Report (ASR) to assert that a property had been "cleared" of munitions contamination, when, in reality, there had been a partial surface clearance about 60 years ago and the balance of the report had stated that contamination may still exist.

They also mentioned that information on FUDS-munitions contamination had been useful to firefighters involved in fighting two fires (vehicle-fire and wild-lands fire) – they backed off their personnel when they learned about the munitions; information had been obtained through maps and then given to the State Lands Fire Dispatch.

Ron Barbea (Tohono O'odham Nation) discussed identifying some new potential FUDS locations. He speculated that NALEMP might be a faster/better cleanup route than FUDS and that he needed a NALEMP program info contact. He also mentioned the Maltese-cross survey markers, used by the National Geodetic Survey and what paperwork might be available to show that it's OK to remove these markers.

Action Items

1. New hazard ranking system (DOD), RAC 1-7. Sievers to send e-mail.
2. Need PDS for updates of SMAP and signature page (Sievers)
3. Munitions Awareness & Safety brochures to Pinal Co., Ron Barbea (Sievers)
4. Williams Bomb Target #4 meeting (Sievers/Stonebrink)
5. ADEQ – send citations for land-use evaluations/contaminations (Stonebrink) (to Pinal County)
6. Requested feedback on OE training (Shimmin to send written request)
7. What's in Fort Huachuca (Sievers to send to Fischer)
8. Williams Bomb Target #2 to be added to MMRP SI list, including Fort Hauchuca, Charleston City (Sievers)
9. BLM maps to go to LA District, who will mark FUDS locations on it (Sievers/Gonzales @District will put info onto maps which Maes sends and will return updated maps to Maes/BLM, with cc to Pat Port/DOI)
10. Info on new Williams Bomb Target FUDS, with cross-hairs target ring noted on topo map (Barbea to Sievers/Gonzales)

Summary prepared by Kathleen Shimmin, FUDS Program Manager, USEPA-IX; telephone: 415-972-3207;
Email: shimmin.kathleen@epa.gov. May 24, 2006.
